Monday	Tuesday	Wednesday	Thursday	Friday
1 Is It Really Locked Out?	2 The Shortcut Isn't Shorter	3 One More Use	4 Knowing When to Stop	5 Don't Walk Past It
8 Don't Assume the Next Person will see it	9 It Only Takes a Minute	10 What Don't You Know?	11 Plenty of Time	12 What Else Is Going On?
15 Just Taking a Look	16 The Fire You Don't See	17 It's Fine Until It Isn't	18 Looking Out for Each Other	19 What's Below You?
22 Where Is Your Attention?	23 That Doesn't Sound Right	24 The Time to Find Out	25 Nothing Happened	26 Close Enough to Get Hurt
29 Trust, But Verify	30 The Hazard Everyone Walked Past	<p>Many incidents occur because hazards become familiar. Before starting work, inspect your tools, verify equipment is safe to use, and consider how conditions may have changed since yesterday. A few extra seconds of awareness can prevent a lifetime injury.</p>
